Dear Colleagues and Guests,

Warm Greetings!

It is with immense pleasure that we extend a cordial invitation to you on behalf of the **Delhi Gynaecology Endoscopists Society (DGES)** for the upcoming National Workshop scheduled on 14th June 2026, at the prestigious Hotel Jaypee Siddharth, New Delhi.

The evolution of laparoscopy into a routine and preferred surgical procedure for both medical practitioners and patients alike marks a significant milestone in the field of Gynaecology. Against this backdrop, our chosen theme, "**Theme: Next-Gen Endoscopy: Smarter, Smaller, Safer,**" reflects the growing prevalence and pivotal role of laparoscopy in contemporary surgical interventions.

Delhi, as the vibrant and culturally rich capital city of India, provides an ideal setting for this gathering. Its blend of historical monuments and modern architecture serves as a testament to the diversity and dynamism of our nation.

We recognize the invaluable contributions made by professionals and organizations in advancing the field of Gynaecological Endoscopy. To ensure the success of this workshop, we extend an invitation for your esteemed organization to participate as a sponsor. Sponsorship opportunities offer a unique platform to showcase your commitment to the advancement of medical science, connect with industry leaders, and gain visibility among a diverse audience of medical professionals.

Your generous support will contribute significantly to the success of this event, enabling us to foster collaboration, exchange knowledge, and promote innovation in the field of Gynaecology Endoscopy. We are confident that your involvement will not only enhance the workshop but also establish a lasting connection with the esteemed medical community.

We look forward your participation in making the National Workshop of DGES a resounding success.

Surgeries | 14th June 2026

(Live OT relay from BLK-MAX starts at 8.30 am sharp)

1. Sacropexy/ Pectopexy for vault prolapse
2. Microwave ablation of Adenomyosis
3. Endometrial carcinoma with sentinel lymph node dissection
4. Hysteroscopic myomectomy
5. Large myomectomy with Aqua dissection and in bag morcellation
6. Laparoscopic cervical encirclage in pregnancy
7. Radical hysterectomy with Pelvic lymphadenectomy
8. Laparoscopic Neovagina creation in MRKH
9. Hysteroscopic removal of Foreign body
10. Nerve sparing Pelvic reconstruction
11. Surgery for Grade 4 Endometriosis with fertility enhancement
12. Laparoscopic adeno-myomectomy : Triple flap technique
13. Non mesh repair in case of Uterovaginal prolapse: Sacropexy/Pectopexy
14. Myoma reterival through colpotomy
15. Vaginoscopy with hysteroscopic Polypectomy
16. Laparoscopic Endometrioma removal with radical excision of DIE
17. Pseudocapsule preserving myomectomy
18. Hysteroscopic septal resection
19. Hysteroscopic adhesiolysis for Asherman's syndrome
20. TLH in Frozen pelvis with Endometriosis
21. Post Hysterectomy Laparoscopic excision of Ovarian mass with Ureterolysis
22. Laparoscopic Ovarian cystectomy for Dermoid cyst
23. Hysteroscopic tubal canulation simplified
24. Cavity sparing Myomectomy
25. Laparoscopic Isthmocele repair
